## SMPS **Red**, **Green** and **Blue** Components

### Explanation:

The SMPS system is an exciting new product that allows all three available laser colours to be used to any system, irrespective of the power requirements of the individual lasers

- 1) - SMPS laser modules may not be used to augment existing LM Red systems
- 2) - Equally, LM Red laser modules may not be added to an SMPS system

Laser+ Receiver Group	2092
<b>Red</b> SMPS Laser+Receiver	380
<b>Green</b> SMPS Laser+Receiver	490
<b>Blue</b> SMPS Laser+Receiver	595
